

Instructions for the Sandbox Lid  
Product Code

This item is ready for use. Please take care when handling as the lid has a rolling/folding action.

The lid is designed to lie on top of the hexagonal sandbox. The Lid is designed to protect the sand in the sandbox and symbolise that the Sandpit is not in use. It will not prevent the sand from getting wet, however may prevent the sand from blowing away.

Wood is a natural product and will contract and expand. As a result some cracking or splitting may occur. This is normal. Wood products may produce splinters so care should be taken with assembly and the item should be checked regularly.

The Product is for domestic use only and is designed for Outdoor Use

This is not a Toy.
