

# Maxi 4

## Instructions

Maxi 4

Suitable for  
**2 players**  
Aged 3 and over

### What's in the Box?

- A - 2 x Legs
- B - 1 x Main 'Body'
- C - 2 x Support Bars
- D - 2 x Pegs

- F - 6 x 3x33mm Screws
- G - 4 x Rubber Washers
- 21 x Yellow Counters
- 21 x Red Counters

### Set Up

Unpack all the items, taking the counters out of the main body (part B).

Make sure the body is the right way up - with the logo at the top. Fix the legs to the main body using 1 x Screw F and 2 x Washers G for each leg, as shown in the diagram. This can be done more easily with the main body on its side.

Then fix the two support bars (parts C) to the bottom of both legs using 1 x Screw F at each end of each bar. Finally push the pegs (part D) through the holes in the legs into the holes in the main body to hold in place ready to play the game. The holes have been drilled in a particular way so you can choose whether to have the board straight or at an angle.

### Playing the Game

Take it in turns to drop one of your coloured counters into one of the columns through the slots at the top - but be careful, you could set your opponent up to win if you are not thinking ahead! Think about blocking your opponent from making a line while building up counters in a winning line at the same time.

The killer tactic is to build up more than one winning line. This will force your opponent to block one line leaving the other free - allowing you to complete a line and win. The first player to get four of their counters in an uninterrupted row either diagonally, horizontally or vertically is the winner! When you are ready to play again, simply remove the pegs from the sides of the legs and tip the frame over to release the counters.

**The logo to look out for...**

There are many more products we have created - just look out for our Big Game Hunters logo or flower emblem to be sure you have an official product. The brand is not just a logo, it is the whole family of ideas, service and quality that are behind every product. We are not a huge corporate and do not claim to be - we are proud of who we are and what we create so look out for our brand knowing that each product carrying our logo has a special standard we aim to maintain for years and years to come...

**Look after your game!**

This game can be played indoors or outdoors but should be stored indoors in a cool dry place when not in use. Because this game is made of wood, it should not be played in the rain or left outside in the rain. If it does get damp or wet, make sure you dry it out well before storing.
