

HOW TO PLAY

There are 5 sacks, each with a different colour and character, so choose your favourite, get inside, grip the sides and get jumping! You and your friends then simply race around the garden. Create a route with a start and finish and race.

There are lots of variations on the race - try relays with sack changeovers - try racing on a figure-of-eight course, or create your own ideas!

Other games from Garden Games include Hi-Tower, Giant Snakes & Ladders, Giant Pick Up Sticks and Hoppin' Mad.

SAFETY: Please take care when playing the Sack Race. Please ensure you inspect the equipment before you play. Do not use footwear with heels. It is not advisable to play on wet, loose or unstable ground.

WARNING! Keep Sacks away from fire. Do not wash. Maximum load 100kg/15.5 stone.
